

Wilson Issues Statement Following President's Afghanistan Address

WASHINGTON, DC - After listening to the President outline his plan for Afghanistan, Congressman Charlie Wilson (OH-6) made the following statement:

"I support the President's strategy as we move forward with the War in Afghanistan. I trust our Commander in Chief, General McChrystal and our military professionals out in the field. If they need additional support, I feel it is our duty to provide our soldiers with the tools they need to stay safe and achieve success. I believe the President outlined an effective strategy to stabilize Afghanistan and set a reasonable timeline to get our troops back home. No doubt our tactics will adjust as conditions change, but the President's speech underlined the continued danger of an unstable Afghanistan. Though this war has been going on for almost a decade, this is the first time we will be investing the resources needed to finally eradicate the very real terrorist threats in the region. I feel confident that this strategy was made with our nation's long-term security in mind."
